# Mr Proudfoot's sponsors!!

Mr Proudfoot is doing a sponsored sleep on the streets with only a sleeping bag and a cardboard box! He would really like some sponsors so make sure you get over to [www.justgiving.com\proudfootandbex](http://www.justgiving.com\proudfootandbex) website and give money!

Helping the homeless is really important and by doing this its helping give more people a nice home, hot warm meals so they don't have to try and find the next meal themselves. This is a world wide problem that NEEDS TO BE FIXED!! Please give money and help Mr Proudfoot.

# Easter egg competition!

In the school we are having an Easter egg competition! Everyone was sent home with an Easter egg template to design your own Easter egg! Teachers or head girl and boy will come round to each class to see who's design is the most fun and creative!

(So exciting.) everyone is a winner so do not get disheartened if your Easter egg is not chosen as the winner of your class!

GOOD LUCK!

# Do you stay safe on the internet?

Although there are many bad things that can happen on the internet it can also be very helpful. However when doing these things you must know how to keep safe!

On most sites you must be 13 or over but some may vary from 12 to 18 years of age.

If anything worries you online tell someone that you trust such as your parents carers and teaches ,or if not any of these then always tell someone you feel comfortable around. We all need to keep safe in the real world, as well as the online world .

We've all heard the phrase 'stranger danger' however this isn't just a phrase it's a warning. If anyone is to intrude on your daily life then call someone you trust and don't make any contact with that person.

NEVER give out your personal information such as your phone number where you live how old you are or anything like that because you could be risking your life because you never know who you are talking to! If you think they are a good person or you call them your friend and you want to be friends and you feel comfortable about giving them a phone number or an email address so you can contact each other than that's your decision but make sure you talk to your parents first because you never know who you really are talking to because you might think they are a good person when really they might not be!

PLEASE BE SAFE IF YOU ARE USING ANY SOCIAL MEDIA AND ALWAYS TELL AN ADULT IF YOU'RE SCARED OR WORRIED ABOUT ANYTHING!
