Enterprise Week

I would like to thank everyone involved with Enterprise week this week. It has been a huge success and both the children and staff have really enjoyed it. We wanted to give children a real life experience of designing and creating a product, budgeting, advertising and selling. They have really enjoyed working with different children and staff. I would like to say well done to Rosie Everard-Padilla who worked very hard creating a newsletter focused on Enterprise week. She spent time in each bay and got the children's views. She took the photographs and chose which ones to use. Drew Saunders was asked to create an art piece which showed each department's product. He used different pencils to create a grey shaded piece. Alex McCracken, Tobi Boler, Lewis Mercer and Kaelen Amponsem acted as our chief accountants and were in charge of counting the money, working out the profit margins and calculating the winning team!

All will be revealed on return from our Easter holiday.....

Thank you again for supporting us.

Art Club

We celebrated St. Patrick's Day making a pot of gold with a paper chain rainbow in KS1 and KS 2 art club! The children thoroughly enjoyed making these!

Mrs Jones

Author in School!

We are very lucky to have a visit from author Josh Lacey and illustrator Garry Parsons on Wednesday 25th April. Josh & Garry will be presenting their exciting books to the children in years 2, 3 & 4 during the morning. There will be an opportunity to meet them and also buy a book and get it signed too.

Burnham Rugby Club

Some children from Burnham-on-Crouch Primary School who play for Burnham Rugby Club got to parade round the Olympic stadium on Saturday 24th March, along with other local teams before they watched the Saracens v Harlequins match.

Keeaun Jones, Amalie Jones, Ryeka Hayter and Sofia Schembri were amongst them.

The children had a very enjoyable day, along with the parents too!
