EYFS Timetable - Reception

For EYFS, there are two live stories a day. During the session the children are asked questions about the text, focusing on their listening and attention skills. They are then set a suggested task related to the book which they are encouraged to complete at home and share with the class by uploading a photo of their work.

We are uploading 3 lessons in the morning: Phonics, Literacy and Maths. These lessons include Powerpoint slides, suggested worksheets, weblinks and practical activities. In the afternoons one lesson/activity is uploaded. These cover a range of subjects e.g. Arts and Crafts, Science, PSHE or P.E. Additional materials have also been provided, such as writing examples and sound mats to help parents and carers support their child's literacy work.
