

In addition to the live lessons scheduled, each year group will be providing further learning via Google Classroom. All lessons are uploaded on the 'Classroom' page for each year group, allowing the pupils to access the work in their own time and to complete at their own pace. Hopefully, this will provide extra structure to the pupils' day, allowing for further education to place when not participating in a live lesson.

Pre-recorded Music lessons will also be uploaded weekly, for each year group, by Mr Melton.

Spanish has also been added to the timetable. There will be one live session (30 minutes) per week for years 3, 4, 5 and 6. There will also be additional Spanish work uploaded to Google Classroom each week.
