Autumn 1 - Marvelous Me				
Week	Week Theme	Learning Objective		
Week 1	Number songs and rhymes (Settling week/Half Days)	BASELINE ASSESSMENT Activities linked to baseline.		
Week 2	Puzzles, colour and shape. (Settling Week 2)	BASELINE ASSESSMENT Activities linked to baseline.		
		<ul> <li>3 years</li> <li>Notice patterns and arrange things in patterns.</li> <li>Complete puzzles.</li> </ul>		
Week 3	Numbers to 5 (Full time)	<ul> <li>3-4</li> <li>Fast recognition of up to 3 objects, without having to count them individually ('subitising').</li> <li>Recite numbers past 5.</li> <li>Say one number for each item in order: 1,2,3,4,5.</li> <li>Show 'finger numbers' up to 5.</li> </ul>		
Week 4	Numbers to 5	<ul> <li>Fast recognition of up to 3 objects, without having to count them individually ('subitising').</li> <li>Recite numbers past 5.</li> <li>Say one number for each item in order: 1,2,3,4,5.</li> <li>Show 'finger numbers' up to 5.</li> <li>Know that the last number reached when counting a small set of objects tells you how many there are in total ('cardinal principle').</li> <li>Link numerals and amounts: for example, showing the right number of objects to match the numeral, up to 5.</li> </ul>		

Recite numbers Say one number for each item in order: 1,2,3,4,5. Know that the last number reached when counting a small set of objects tells yo there are in total ('cardinal principle'). Show 'finger numbers' to 5. Link numerals and amounts: for example, showing the right number of objects to numeral, to 5. Experiment with their own symbols and marks as well as numerals. Solve real world mathematical problems with numbers up to 5. Compare quantities using language: 'more than', 'fewer than'.  Week 6  Numbers to 5  A Years  Fast recognition of up to 3 objects, ('subitising'). Recite numbers past 5. Say one number for each item in order: Know that the last number reached when counting a small set of objects tells yo there are in total ('cardinal principle'). Show 'finger numbers' to 5.	eek 5 v/c	Numbers to 5	3-4 years
Say one number for each item in order: 1,2,3,4,5.  Know that the last number reached when counting a small set of objects tells yo there are in total ('cardinal principle').  Show 'finger numbers' to 5.  Link numerals and amounts: for example, showing the right number of objects to numeral, to 5.  Experiment with their own symbols and marks as well as numerals.  Solve real world mathematical problems with numbers up to 5.  Compare quantities using language: 'more than', 'fewer than'.  Week 6  Numbers to 5  A4 Years  Fast recognition of up to 3 objects, ('subitising').  Recite numbers past 5.  Say one number for each item in order:  Know that the last number reached when counting a small set of objects tells yo there are in total ('cardinal principle').  Show 'finger numbers' to 5.  Link numerals and amounts: for example, showing the right number of objects to numeral, to 5.  Week 7  Subitising  3-4 years  Compare quantities using language: 'more than', 'fewer than'.  Solve real world mathematical problems with numbers up to 5	.7 <sup>th</sup>		rast reasonation of up to 3 objects, without having to count them marriadally ( subtesting ).
Know that the last number reached when counting a small set of objects tells yo there are in total ('cardinal principle').     Show 'finger numbers' to 5.     Link numerals and amounts: for example, showing the right number of objects to numeral, to 5.     Experiment with their own symbols and marks as well as numerals.     Solve real world mathematical problems with numbers up to 5.     Compare quantities using language: 'more than', 'fewer than'.  Week 6  Numbers to 5  - Fast recognition of up to 3 objects, ('subitising').     Recite numbers past 5.     Say one number for each item in order:     Know that the last number reached when counting a small set of objects tells yo there are in total ('cardinal principle').     Show 'finger numbers' to 5.     Link numerals and amounts: for example, showing the right number of objects to numeral, to 5.  Week 7  Subitising  - Compare quantities using language: 'more than', 'fewer than'.     Solve real world mathematical problems with numbers up to 5			
Link numerals and amounts: for example, showing the right number of objects to numeral, to 5.  Experiment with their own symbols and marks as well as numerals.  Solve real world mathematical problems with numbers up to 5.  Compare quantities using language: 'more than', 'fewer than'.  Week 6  Numbers to 5  3-4 Years  Fast recognition of up to 3 objects, ('subitising').  Recite numbers past 5.  Say one number for each item in order:  Know that the last number reached when counting a small set of objects tells yo there are in total ('cardinal principle').  Show 'finger numbers' to 5.  Link numerals and amounts: for example, showing the right number of objects to numeral, to 5.  Week 7  Subitising  3-4 years  Compare quantities using language: 'more than', 'fewer than'.  Solve real world mathematical problems with numbers up to 5			Know that the last number reached when counting a small set of objects tells you how many
numeral, to 5.  Experiment with their own symbols and marks as well as numerals.  Solve real world mathematical problems with numbers up to 5.  Compare quantities using language: 'more than', 'fewer than'.  Week 6  Numbers to 5  Fast recognition of up to 3 objects, ('subitising').  Recite numbers past 5.  Say one number for each item in order:  Know that the last number reached when counting a small set of objects tells yo there are in total ('cardinal principle').  Show 'finger numbers' to 5.  Link numerals and amounts: for example, showing the right number of objects to numeral, to 5.  Week 7  Subitising  3-4 years  Compare quantities using language: 'more than', 'fewer than'.  Solve real world mathematical problems with numbers up to 5			Show 'finger numbers' to 5.
Experiment with their own symbols and marks as well as numerals.     Solve real world mathematical problems with numbers up to 5.     Compare quantities using language: 'more than', 'fewer than'.  Week 6  Numbers to 5  3-4 Years  Fast recognition of up to 3 objects, ('subitising'). Recite numbers past 5. Say one number for each item in order: Know that the last number reached when counting a small set of objects tells yo there are in total ('cardinal principle'). Show 'finger numbers' to 5. Link numerals and amounts: for example, showing the right number of objects to numeral, to 5.  Week 7  Subitising  3-4 years Compare quantities using language: 'more than', 'fewer than'. Solve real world mathematical problems with numbers up to 5			Zimit raine and arreament for example, eneming the right arreament of expects to materials
Solve real world mathematical problems with numbers up to 5.     Compare quantities using language: 'more than', 'fewer than'.  Week 6  Numbers to 5  3-4 Years      Fast recognition of up to 3 objects, ('subitising').     Recite numbers past 5.     Say one number for each item in order:     Know that the last number reached when counting a small set of objects tells yo there are in total ('cardinal principle').     Show 'finger numbers' to 5.     Link numerals and amounts: for example, showing the right number of objects to numeral, to 5. Week 7 Subitising  3-4 years Compare quantities using language: 'more than', 'fewer than'. Solve real world mathematical problems with numbers up to 5			
<ul> <li>Compare quantities using language: 'more than', 'fewer than'.</li> <li>Solve real world mathematical problems with numbers up to 5</li> </ul>			• Link numerals and amounts: for example, showing the right number of objects to match the numeral, to 5.
Solve real world mathematical problems with numbers up to 5	eek 7	Subitising	3-4 years
			<ul> <li>Compare quantities using language: 'more than', 'fewer than'.</li> </ul>
Week 8 ASSESSMENT ASSESSMENT			Solve real world mathematical problems with numbers up to 5
	ek 8	ASSESSMENT	ASSESSMENT

Autumn 2 – Around the World		
Week 1	Number recognition Number sense '1'	<ul> <li>Count objects, actions and sounds.</li> <li>Subitise.</li> <li>Link the number symbol (numeral) with its cardinal number value</li> </ul>
Week 2	Adding and combining groups  Number sense '2'	explore adding groups using objects (to support number bonds later on).
Week 3	One more Number sense '3'	Understands the one more than/one less than relationship between consecutive numbers
Week 4	One less Number sense '4'	Understands the one more than/one less than relationship between consecutive numbers
Week 5	Shape 2D Number sense '5' Introduce money and concept (CP)	Talk about and explore 2D and 3D shapes (for example, circles, rectangles, triangles and cuboids) using informal and mathematical language: 'sides', 'corners'; 'straight', 'flat', 'round'
Week 6	Shapes 3D Number sense '6' <u>Compare Weight (CP)</u>	Talk about and explore 2D and 3D shapes (for example, circles, rectangles, triangles and cuboids) using informal and mathematical language: 'sides', 'corners'; 'straight', 'flat', 'round'

Week 7	ASSESSMENT Number sense '6'	ASSESSMENT
	Spring 1	
Week 1	Patterns Number sense '7'	<ul> <li>3-4 years</li> <li>Extend and create ABAB patterns (stick, leaf, stick, leaf)</li> <li>Notice and correct an error in a repeating pattern.</li> <li>Also talk about patterns in the environment</li> <li>4-5 years</li> <li>Continue, copy and create</li> </ul>
Week 2	Adding and combining groups  Number sense '8'	Combing groups practically
Week 3	Subtracting Number sense '9'	Subtracting practically
Week 4	Number bonds Number sense '10'	Number bonds to 5
Week 5	Number bonds Number sense '0'	Number bonds to 10

Week 6	ASSESSMENT	ASSESSMENT
	Spring 2	
Week 1	Estimating and checking by counting  Review number sense	<ul> <li>Comparing estimatings/numbers</li> <li>Subtise</li> <li>Count beyond 10</li> </ul>
Week 2	Addition and recording in own ways  Number sense '11'	<ul> <li>Recording in own ways</li> <li>Addition by counting on</li> </ul>
Week 3	Subtraction and recording in own ways  Number sense '12'	Recording in own ways
Week 4	Doubling Number sense '13'	<ul> <li>Automatically recall number facts including double facts.</li> <li>Explore and represent patterns within numbers including double facts.</li> </ul>
Week 5	Sharing and halving Number sense '14'	<ul> <li>Explore and represent patterns within numbers including how quantities can be distributed equally</li> </ul>

Week 6	Odd and even	Understands position through words alone and
	Number sense '15'	describes a familiar route.
	Positional language as CP	ELG:
		Number Patterns
		<ul> <li>Explore and represent patterns within</li> </ul>
		numbers up to 10, including evens and odds,

Summer 1		
Week 1	Addition Formally recording Number sense '16'	<ul> <li>ELG:</li> <li>Have a deep understanding of number to 10, including the composition of each number.</li> <li>Subitise (recognise quantities without counting) up to 5.</li> <li>Automatically recall (without reference to rhymes, counting or other aids) number bonds up to 5 (including subtraction facts) and some number bonds to 10, including double facts.</li> </ul>
Week 2	Subtraction Formally recording Number sense '17'	<ul> <li>ELG:</li> <li>Have a deep understanding of number to 10, including the composition of each number.</li> <li>Subitise (recognise quantities without counting) up to 5.</li> <li>Automatically recall (without reference to rhymes, counting or other aids) number bonds up to 5 (including subtraction facts) and some number bonds to 10, including double facts.</li> </ul>

Week 3	Number bonds to 10 Number sense '18'	Automatically recall (without reference to rhymes, counting or other aids) number bonds up to 5 (including subtraction facts) and some number bonds to 10, including double facts.
Week 4	Include subtraction facts Number sense '19'	Automatically recall (without reference to rhymes, counting or other aids) number bonds up to 5 (including subtraction facts) and some number bonds to 10, including double facts.
Week 5	Length Number sense '20'	Reception Compare length, weight and capacity
Week 6	Capacity Number sense recap	Reception Compare length, weight and capacity
	Summer 2	I
Week 1	doubling and halving – recall facts e.g. half of 10  Number sense – number bonds	ELG Explore and represent patterns within numbers up to 10, including evens and odds, double facts and how quantities can be distributed equally
Week 2	Sharing equally  Number sense – subtraction facts	ELG Explore and represent patterns within numbers up to 10, including evens and odds, double facts and how quantities can be distributed equally

Week 3	Time Number sense - recap	Describes a sequence of events, real or fictional.
Week 4	Capacity Number sense recap	Reception Compare length, weight and capacity
Week 5	TBC Number sense - TBC	
Week 6	TBC Number sense - TBC	
Week 7	TBC
