### Message from Miss Stock

Dear Parents and Carers of pupils in Year 5 and 6,  
I would like you to pass on my congratulations to your children for their excellent work and behaviour during the lessons I observed this week. As always I was extremely proud of them. I would like to give particular praise to the following pupils who will receive a Head teacher's award for demonstrating excellent progress or outstanding knowledge.

**Casey Stevenson** for his excellent attitude in class  
**Jake Harvey** for exemplary spelling and effort in his writing  
**Daisy Howard and Chloe Southern** for their impressive Maths skills.

I hope you are as proud of them as I am! – Miss Stock

### Outstanding Cross Country Performance!

The commitment and determination required to improve your fitness, especially for Cross Country running, is a great achievement in itself. However, this young lady in Year 6 has certainly demonstrated that hard work certainly does pay off having reached a County Final.

Along with her parents she travelled to Garons in Southend to run against the very best in Essex. At least 100 runners, if not a few more, stepped onto the start line. The course was flat, but very fast and our young lady carefully moved herself up through the mass of runners to secure 3rd!!

Having demonstrated excellent potential back in Year 2! This young lady is an excellent role model and inspirational figure to our whole school community. Let's hope to see her running in the future!

## Year 2

Last term, Year Two learnt all about China in their geography lessons.

The children found out about the capital city, famous landmarks and Chinese schools. They learnt to write their name in Chinese and even wrote number bonds using Chinese characters. We were all very grateful to our kitchen ladies and Kingsley's Mummy who cooked us a delicious Chinese dinner and gave us dumplings and prawn crackers to try – it brought our learning to life and we loved it all, thank you!

### Maths Challenges

Year 3, 4 & 5 may find some Miss Le Beau challenges appearing on Google Classroom. The aim of the challenge is to be able to explain your theories and reasons behind your answers and of course prove it! I have really enjoyed seeing some of the responses so far and there are lots of team points up for grabs! So keep an eye out!

### **Netball back on Court!**

After an extended break it was fantastic to finally be able to travel with our senior Netball players for a tournament over in Maldon. On a chilly and blustery day we arrived at All Saints Primary to play against St Marys, Maylandsea and our hosts.

The cool conditions inspired our players to get warm and keep moving, blasting our way towards 2 emphatic wins and a very closely contested draw with Maylandsea! The dedication of our players with the week in, week out support from Mrs Foster at training, certainly produced some excellent Netball performances.

After the Easter break we look forward to welcoming some of the schools for some more games at our school.

Well done to all the players taking part, and also our players who did not make the team sheet on this occasion, but will certainly feature in the future. Thanks also to All Saints for hosting and William De Ferrers SSP for delivering this enjoyable event.

### **Netball Home Fixture**

It was great to welcome Maylandsea and All Saints Primary Schools this week to play some High 5 Netball. A slightly overcast afternoon, but certainly some energetic Netball played by all three schools.

We found it impossible to score against Maylandsea and they played some very skillful Netball. Against All Saints we definitely found some confidence and managed to win the game.

To make full use of the afternoon our School Games Organiser, from William De Ferrers High School, also provided the opportunity to play some Rounders. Some excellent batting and fielding skills were displayed by all of the children.

A great afternoon of Sport, thoroughly enjoyed by all the children.
