

Upcoming STEM
Projects:

This term, our STEM topic will be:
'Extreme Earth'.

Autumn term Dates:

11th Sept – year 5
18th Sept – year 5
25th Sept – year 6
2nd Oct – year 6
9th Oct – year 4
16th Oct- year 4
23rd Oct – year 3
Half term
6th Nov – year 3
13th Nov – year 2
20th Nov – year 2
27th Nov – year 1
4th Dec – year 1

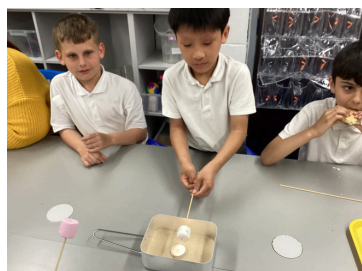

**Burnham on Crouch
Primary School**

Summer Term STEM days

Our 'Desert Island' STEM days during this term were a huge success! Have a look at some of the highlights!

We are incredibly proud of the STEM Enrichment programme we have developed this academic year.

The feedback from teachers, children and parents has been fantastic, and highlights the positive impact on the children's attitudes towards STEM subjects and future careers.

We have seen an increase in enjoyment of STEM subjects and through pupil voice surveys, STEM Enrichment days are one of the things the children enjoy most about school.

"I thought Stem was fun and interesting." Tilda

"I really like how you can be creative and use teamwork to achieve." Daniel

"I loved STEM day because you got to design and build all of your ideas." Jess

"I think STEM is very important in day to day life." Robert

"I enjoyed it so much." Mia

"It was so fun" Jack

"I loved it!" Ava

"It was really exciting." Sienna

"I had a truly wonderful time." Daisy

"I want to be an engineer." Rosa

"I love STEM!" Rosa

Some of the activities that the children took part in were:

- den building
- invisible ink
- collecting, channelling and filtering water
- building shelter prototypes
- toasting marshmallows and solar ovens
- making catapults

We are looking forward to our **Extreme Earth** STEM topic in Autumn Term!
